USPA NEWS - AVANTEX is an International Trade Fair dedicated to High-Technology Fabrics for Fashion and to Research in that field. Materials and Fabrics which combine nano-technology and cosmetics and surprising finishes and coatings.

It will be held at LE BOURGET-PARIS from 14 to 17 september 2015 alongside MESSE FRANKFURT FRANCE's TEXTILE TRADE FAIR. Will be also introduced later on AVANPRINT.

It will be the first edition for AVANTEX. Innovative exhibitors chosen by the Trade Fair's Selection Committee which has relied on experts appointed by the TAIWAN TEXTILE FEDERATION. The companies attending AVANTEX must exhibit Fabrics which have at least three innovative functions and/or hold unpublished patents.
